Message from SMC2020 General Chair

**Hossam A. Gabbar, Professor (Ontario Tech University), PhD,
P.Eng.**

We would like to welcome you to the 2020 IEEE International Conference on Systems, Man, and Cybernetics (SMC 2020), which will be held in Metro Toronto Convention Centre (MTCC), Toronto, Ontario, Canada. SMC 2020 is the flagship conference of the IEEE Systems, Man, and Cybernetics Society. It provides an international forum for researchers and practitioners to report most recent innovations and developments, summarize state-of-the-art, and exchange ideas and advances in all aspects of systems science and engineering, human-machine systems, and cybernetics. Advances in these fields have increasing importance in the creation of intelligent environments involving technologies interacting with humans to provide an enriching experience and thereby improve quality of life. Papers related to the conference theme are solicited, including theories, methodologies, and emerging applications. Contributions to theory and practice. Due to COVID-19 and pandemic challenges, there might be a contingency plan to have virtual participation options. Please visit our conference web site for more details:
